

Air Cooler & Heater

CH104

Saloon

Bedroom

Office

Bathroom

- Voltage/ Frequency: 220V/50Hz
- Power: 75W (cooling) / 1650W (heating)
- Air Volume: 400-500m³/h
- Air speed: Three speed setting: H-M-L. 9.m/s
- Water tank: 4L - Wind modes: Natural; Sleeping; Normal
- Remote control: Yes
- Timer: 1-12H
- Noise level: <53db
- Cooling and heating Function are optional

Model No.	N.W.(kg)	N.W.(kg)	Product size(mm)	Packing size(mm)
CH104	5.5	6.8	270x260x610	310x290x650

ABOUT US

We are committed to improving human lifestyle and comfort by offering innovative products and reliable services in the fields of Cooling, Heating, Environment and Air Purification. Our products are designed by a team of scientists, engineers and artists, our products are technologically superior and aesthetically appealing.

HEATING

Whether it is indoor or outdoor, we offer you the perfect heating solution. Our Heating Products perform effectively in complete discretion.

ENVIRONMENT

We offer unique products that save energy and improve working environments; with minimum harmful impact on nature.

Providing Healthy Heating & Cooling Solution

Radiant Heater

CH101

- Energy efficient and clean way of heating.
- Healthy heating technology.
- Green Technology.
- Cost Effective.
- Instant Heat.
- Safe & Silent.
- Elegant Design.
- Easy Installation.

Model No.	Power	Cover Area (m ²)	Voltage/ Frequency	Surface Temp.	Rated Current
CH102	1800w	13-18	220V-240V 50/60Hz	300°C	7.8

Bathroom Heated Electric Towel Rack

CH102

- 230V~ 50Hz
- 100% aluminum outer material
- Double insulation heating wire
- Electronic LCD display
- Electronic adjustable thermostat control
- 4 modes (Comfort, Economic, Anti-freeze, Stand-by)
- With Boost function
- 7 pre-installed programs
- Individual 7 days 24-hour heating programmer
- With overheat safety protection function
- With Child lock function
- With Window detector function
- Wall mounted
- Class II

- Energy Saving
- Safety Child lock
- Overheat protection
- Space saving
- Window detection
- Class II safety grade

Model No.	Power	Product size (mm)	Packing Size (mm)	NW / GW (Kg)
CH102	750W	521 x 92 x 1275	580 x 95 x 1320	5.3 / 7.15

Carbon Fiber Radiant Heater

CH103

- Big LED display design
- Carbon fiber heating
- Power supply: 220-240V/50-60Hz; 120V/60Hz: 1500W
- 3S Instant heating & easy to install
- Combine 3 into 1: walls/ ceiling or with adjustable tripod stand
- ECO-friendly : no toxic, no noise and no odors
- 4 heating levels, well adapted to different environment & needs
- Highly practical: Integrated body sensor turns on/off automatically
- IP65: available for outdoor, protect object from water splashes
- 24H Timer/weekly program setting in smart life
- 5°C-45°C temperature setting/adjustable thermostat
